

(**GFEV(B300) Fork Bolt Automotive Fuse Seat (Medium Bolt (Fork Bolt) Automotive Fuse Box)**)

1. GFEV(B300) Product Dimension Diagram

(**GFEV (B300) Fork Bolt Automotive Fuse Seat (Medium Bolt (Fork Bolt) Automotive Fuse Box)**)

2. Product introduction

- 1. Product model; GFEV (B300) fork bolt automobile fuse seat
- 2. Base: PBT + GF15% V0
- 3. Top cover: PC V0
- 4. Fasteners: 8.8 grade high strength screw, stainless steel nut
- 5. IATF: 16949:2016 quality management system
- 6. Electrical Performance
 - 1.Voltage: 12V-1500V (DC)
 - 2.Current: 30A-400A (DC)
- 7.Applicability: GFEFUSE[®] Brand (**ANL-B[™]** Series Medium-sized Fork-bolt Automobile Fuse)
- 8.This product uses automobile wiring harness, new energy vehicle control box, DC power supply equipment, power supply, power supply, communication equipment, battery protection circuit, etc.
